SHIPBOARD NAVIGATION INTEGRITY PROGRAM

ARE WE THERE YET?

PHYSICAL NAVIGATION KEY SHARE

ONE OF NINE
DO NOT REMOVE

SHARE

03 / 09

RECORD THIS SHARE.

TAP PHONE HERE
Hold the top of your phone against the tag.

HOW TO READ THIS SHARE

1. Turn on NFC, then hold the TOP of your phone against the dashed circle above.
2. The tag returns one line: a share index, a comma, and a 0x-prefixed hex value.
3. Keep it exactly as written. Field 1 is x; field 2 is the share value y.
4. Nine shares exist; any FIVE distinct shares are enough to rebuild the key.
5. Leave this card mounted. If reaching it needs tools, it is not a share.

NAVIGATION MODULUS (PUBLIC)

```
0xa105db01c4ca6f21c129479c720f425a4b20ec314b326ee6080079cbadcb4b71
```

No key material is printed on this card. The share exists only on the NFC tag.

A fragment of the key, sealed inside a shipping envelope.

SERIAL RPC-NAV-SHR-0003

PROPERTY OF RAZERPOWERCO - NAVIGATION INTEGRITY PROGRAM
Physical challenge prop. Do not dismantle, relocate, or remove the tag.
